small tailored ceramic tiles

SARTORIA^{est.} 20 18

2018: Sartoria is created, combining the knowledge with the understanding of modern ceramic history. A tailored project for all those who love interior design, small sizes, colour and decoration. From these four elements a new chapter within Terratinta Group is born, aiming to create a new style that can be exported all over the world. Just like the detailed and ingenious creations of a tailor, Sartoria designs and fulfils distinguished ideas, giving new life to the craftsmanship of the small ceramic size. From white-body walls to porcelain stoneware tiles, different options designed for small and wide spaces: a unique, contrasting design, a choice between styles, a choice of style.

Dall'esperienza di una storia ceramica recente senza precedenti, nel 2018 nasce Sartoria. Un progetto su misura per chi ama l'interior design, il piccolo formato, il colore e la decorazione. Da questi quattro elementi nasce un nuovo capitolo all'interno di Terratinta Group, con l'obiettivo di creare un nuovo stile esportabile in tutto il mondo. Così come le creazioni di un sarto, particolareggiate e originali, Sartoria disegna e realizza grandi idee, dando nuova vita all'artigianalità del piccolo formato ceramico. Dal rivestimento in pasta bianca al porcellanato, diverse combinazioni pensate per piccoli e grandi spazi: un design unico, contrastante, una scelta di stili e di stile.

A project designed for those who look forward, for the bold ones, for those who don't fear conflict. For those who think clearly and are determined to give space to their personality.

Dedicato a chi guarda avanti, agli audaci, a chi non teme i contrasti. Per tutti coloro che hanno le idee chiare e sono determinati a dare spazio alla propria personalità.

A photograph of a city street scene. In the foreground, a dark, paved area with a grid pattern is visible. To the right, a large, dark, industrial-looking structure with rivets and a red section is partially visible. In the middle ground, a canal flows through the city. The far bank of the canal is lined with a low wall and a row of green hedges. Behind the hedges, there are several multi-story buildings, some with balconies and windows. A construction crane is visible in the background. The sky is blue with some light clouds.

HANDMADE PRODUCT
 PRODOTTO FATTO A MANO

A close-up photograph of a rope and pulley system against a blurred city background. The rope is thick and light-colored, with a metal pulley block attached. The background shows a building with many windows and a body of water, suggesting a harbor or waterfront setting. The lighting is bright, creating a soft, slightly hazy atmosphere.

We wanted every action conceived as it was meant to be done. We wanted it to be worth it. Because simple things are the hardest to be done, but are also the ones that push us forward.

Volevamo che ogni azione fosse concepita apposta per essere compiuta. Volevamo che ne valesse la pena. Perché le cose semplici sono le più difficili da fare, ma quelle che danno la spinta ad agire.

We have chosen nature colours: the moon, a mint

Because everything creative within this world
is inspired by simple things: feeling good, making
time worth living, appreciating what we have.

Abbiamo scelto i colori della natura: la luna, la menta, la notte, la neve. Perché tutto ciò che di creativo c'è nel mondo è ispirato dalle cose semplici: sentirsi bene, rendere il tempo degno di essere vissuto, apprezzare ciò che abbiamo.
